Our AD returned straight from his adventures from The AFP in Thailand, transitioning from the ARSC chair role to his new position as our Australian delegate, his role requires inter-relationships between the Australian Region, Asia pacific forums (AFP) and NA World Services(NAWS)he returned with a few items and shared with the

ARSC how he is looking forward to more information and correspondence with his particular duties as they are required.

Total fund flow \$51,170.99

Next session.

Forward planning workshop presentation.

Preventative measures crash courses within our Areas.

Certain safety nets if anything happens that could cause an abrupt upheaval Covid etc.

Generate interest for workshops within areas how to get them off the ground ATTRACTION NOT PROMOTION.

Using our vision statement.

A vision for NA Service.

Our vision is that one day every addict has the chance to experience our message in their own language and culture and find the opportunity for a new way of life.

Every member, inspired by the gift of recovery experiences spiritual growth and fulfilment through service.

NA service bodies worldwide work together in a spirit of unity and cooperation to support the groups in carrying our message of recovery.

Narcotics Anonymous has universal recognition and respect as a viable program of recover.

Honesty, Trust, and goodwill are the foundation of our service efforts, all of which rely upon the guidance of a loving higher power.

What do the RCM's think their areas and individual member want from region, questions were asked around the table.

My response was that, we as an area just want the recognition, that if anything becomes too much or we struggle as an area to maintain a group focused service structure, that the region is available, and information to any of our concerns is there to be passed down to us. If there isn't representation from our area it can be somewhat an impossible endeavour for any resources or pertinent information to be passed on.

Some suggestions to keep a healthy service structure within our area include,

\*Regular area inventories, up to date records, and items that have been mentioned, open communication between GSR's regular attendance to our area meetings.

How do we create innovative ways to carry our message, through unity.

Bridging the gap between isolated communities.

Respond to the emerging needs of people seeking recovery.

Able to move with the times.

Keeping our traditions and concepts (ALIVE)

Being an inclusive fellowship.

Having clear preambles or statements that are fresh and updated.

Global communication.

More group discussion spit-balled ideas.

FOSTER A CULTURE THAT SERVICE IS ATTRACTIVE

Tradition 1 Our common welfare should come first; personal recovery depends on NA unity.

All info from the session is at Wishlist actions.

Subcommittee breakouts, (outreach)what is our own wish list or what we would like these services to entail. Connecting to rural areas, through H&I, approach the PR chair for any resources that may be available to us, funding our efforts and utilising funds appropriately, NA today use it for awareness of who we are as outreach.

THE MOTH is an informative talk online,

Policy workshop of new survey 2024, went though the previous region meetings thoughts and ideas around questions etc that would be appropriate for our survey a lot of information and work has been done to get the survey where it needs to be, I mentioned that we would like to have it at our convention if possible as a QR code on a table somewhere, I will follow up with convention committee to see if that's feasible.

Discussion time.

All areas and participants freely talked about things that cause issues within meetings.

Sydney East: In relation to outside issues, members can't be told what to share or not share about, how do we communicate this with out dealing with the specific outside issue, clear preambles and chairperson discretion, caring responses to members who are new or don't know the NA structure,

Far North Coast: Experienced a member who was displaying strange behaviour not targeting the certain individual instead of targeting the person they read pertinent literature and included them.

Indigenous Chair: I can be difficult with first nations people there is controversial topics, always in communication with the subcommittees, Exercise gentle hands and a warm heart.

Gold Coast: Medical Cannabis, maintenance, replacement therapy, Outside issue?

Are we crossing the lines with outside issue stuff around doctors to patients, as a medical replacement therapy, if it is prescribed by a doctor for any mental health issues, can we create a preamble if needed.

If a person is stoned in the meeting, do we stop them from sharing, can be a confusing message does it deter a newcomer or make them think it is ok to distinguish between substances since we are a abstinence based program. Sydney East reverted us to the times of illness pamphlet, talking about medical use as being a decision between an addict their sponsor their doctor and their higher power.

Sunshine Coast: As a fellowship we are going to be faced with these challenges this goes back to our discussions around responding to certain trends. We must consider all possibilities. And not push people away from meetings.

Great discussion got the juices flowing.

Day2.

Elections: Narcotics Anonymous 'Fourth concept for Na service says that.

Effective leadership is highly valued in Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants.

### **Chair:**

Hi all, it has been a busy month of service for me. Was privileged to attend the Australian Regional Service Committee meeting in Sydney earlier this month and have stepped into a caretaking position at the ARSC. This was an excellent opportunity and eye opener for me, has allowed me to further my knowledge of the service structure, and has been very inspiring. In the absence of a vice chair, I still try to regularly check in with our subcommittee chairs. This month I also brought to our area our desperate need to form a Camp Serenity subcommittee as I did not want to see this important area activity lapse or be cancelled. I have been blown away by the amount of support I received around this, and we have formed a strong subcommittee over the month, has been a pleasure being involved with this so far. Admin committee has continued our face-to-face meetups during the month. I believe we are a cohesive bunch, and our communication is generally strong. I don't get around to as

**PR Chair Report 31/3/2024:**

Doing a PR presentation in April for convicted drug offenders at Coomera organised by Probation and Parole.

Further to the discussion at last GCASC meeting, I made enquiries with Go Transit who handle the advertising on Kinetic Gold Coast buses. The local rep got back to me after several calls and stated that the minimum commitment is to take the two advertising panels per bus on 100 buses, (which is half the GC fleet) for a month. The normal cost is \$4,400 for a single month, reducing for longer commitments. Based on advertising on the outside of the bus, not-for-profits receive half discount. I stated that I was unsure if even at \$2,200 whether we could afford it. The rep said she would take it back to her manager to see if they could offer us a better deal.

A member survey has been created by the Reginal PR chair and a QR code to complete it should be included with the minutes.
